**WHEELS TO PROSPER**

Know a deserving person who needs a set of wheels to get around town? The Wheels to Prosper initiative was started by auto shop owners striving to change the reputation and quality of service in the automotive repair industry. And by helping those in need, we hope to make a positive difference in our own communities as well. The initiative awards a worthy and deserving person from the community a fully-serviced car that's in good working condition. Visit our website to learn how to nominate a recipient by the July 15, 2017 deadline.

**MESSAGE FROM THE SHOP:  
Car care for warm weather and beyond**

*Our spring/summer newsletter focuses on the very issue the fellow above is concerned about: warranty of workmanship. Many car owners are unaware of dramatic shifts in the auto repair industry that's a result of technical advances in engineering and production.*

*Body Best is certified to conduct repairs on a multitude of makes and models to meet the manufacturers' very exacting standards and quality requirements. As a result of the training our technicians receive, the equipment we maintain, and the specific procedures we follow that are required to meet safety and*

*quality standards, we can in turn offer our customers a comprehensive transferrable warranty on repairs. Read our story to learn more.*

*As always, Wheels to Prosper (at left) is looking for a worthy vehicle recipient in July 2017. Know someone in need?*

*And be sure to mention this newsletter to get \$50 off your next repair over \$950, good through Labor Day 2017.*

*-Dino DiGiulio*

# BODY BEST'S TRANSFERRABLE WARRANTY

## Crash! Boom! Crunch!

All are sounds you don't want to hear around your vehicle, but accidents happen. Your once-pristine "baby" needs to be restored to full "health," which is what we specialize in doing at Body Best Collision.

What you may not know, or have thought about, is how far our work extends to restore your vehicle back to as-near-perfect operation as possible.

When you choose a repair shop, do you consider how well qualified and well-trained the repair staff is? What about whether or not they are using manufacturer's parts or after-market parts? Finally, have you thought about how long the workmanship and parts are guaranteed to last?

These make great questions to ask the staff at any repair shop to ensure you receive quality workmanship and parts in the repair process. At Body Best, we can provide these assurances through our manufacturer certifications, customer reviews and our transferrable warranty.

No other shop provides a transferrable warranty that you can present to a buyer of your vehicle.

## 1 Our Certifications

Each manufacturer maintains exacting specifications for the repair of their vehicles. These standards apply to parts and repair methods. Our certification, in turn, provides assurance to vehicle owners and the manufacturers that we have repaired their cars to meet established safety standards the first time.

## 2 Our Training

To achieve certification, we must also meet safety and equipment standards in our shop. We retain well-trained employees, four frame racks, a wheel alignment rack, and computer measuring systems to meet OEM specification after work is completed.

## 3 Our Warranty

Unlike any repair shop we know, our repair work is warrantied for the life of the vehicle. That means if you choose to sell your Body Best-repaired car, the repair warranty may be transferred to the new owner of your vehicle. With only **12.9% of owners keeping a car 10 years or more, transferrability of repair warranty is important!**

### SONOMA'S SUMMER SWIMMING HOLES

Take the family and a floating raft ring to one of these great destinations:

#### Sonoma Aquatic Club

17350 Vailetti Drive, Aqua Caliente  
707-939-8833
